Apply

Settings

- ☐ Preserve original file date during save operations
- ☒ Retain metadata during save operations.
- ☒ Use system print dialog
- ☐ Invert mouse wheel zoom
- ☒ Ascending sort
- ☒ Add subfolder
- ☒ Show feedback after single-photo optimization

Choose a save quality for JPEG files.
It is recommended to select a high setting!

100

Backup database folder:

C:\Users\mve\AppData\Local\photoOptimizeHistoryDataBase\
